Student Development

The Student Development Office offers educational and social experiences that enhance the quality of student life and learning. A few of the programs offered include the Cultural Series and Adventure Education program, which both provide meaningful out of the classroom learning experiences. The Cultural Series introduces students to the world of art and performance by providing several opportunities each semester to experience visual art, music, theater and dance both locally and in larger Metropolitan areas such as New York City, Philadelphia and Washington DC. The Adventure Education program is an alternative learning experience designed to challenge students to engage in physically demanding activities that emphasize wellness and provide practical leadership tools and lessons on teamwork. Students will have the opportunity to sign up for adventures such as white water rafting, skydiving, hiking and mountain biking.

The Student Development Office also coordinates a weekend entertainment series, which gives students a variety of entertainment options to choose from each weekend. A few of the weekly attractions include free bowling, discounted movie passes and free admittance to local performances at the Little Theater of Wilkes-Barre. In addition, Student Development also coordinates periodic day trips to professional sporting events and theme parks. Several of the University's clubs are listed below.

Civic Engagement

A liberal arts education teaches students to look at the world as a whole, to begin making connections between things like interpersonal conflict and international relations, between education and poverty, between thinking about themselves to thinking about “me in the world.” The Civic Engagement Office coordinates projects that bridge service and learning. Many academic departments offer Community Based Learning courses that integrate classroom theory and hands-on experience with a pressing social issue. Community Based learning is a pedagogically structured learning experience that combines academic coursework and service in the community to provide students with the opportunities to transfer the skills taught in the classroom to the “real” world. Ideally, students work with community partners to identify strengths and areas of improvement, develop and implement projects that enhance those strengths or that meet identified needs, and then reflect on the value of the experience for the community and themselves. Through guided reflection, students gain further understanding of course content, a broader appreciation of the discipline, and an enhanced sense of civic responsibility. In 2016, 925 students engaged in academic Community Based Learning.

In addition to the in-class Community Based Learning, Wilkes students, staff and faculty contributed over 104,000 hours of community service by exploring issues of hunger and homelessness, at-risk youth, access to health care, environmental sustainability, and countless other service experiences. The students of Wilkes partner with numerous organizations including The American Cancer Society, American Red Cross, Commission on Economic Opportunity (CEO), United Way of Luzerne County, and the Victims Resource Center.

Students extend Wilkes’ spirit of service beyond local borders by volunteering during Alternative Fall Break in Northeastern Pennsylvania, and traveling domestically and internationally to serve during Spring Break. In spring students will have the opportunity to interview for one of three trip offerings. Students have the opportunity to travel with faculty and staff mentors to Kentucky to work with Christian Appalachian Project, a program that matches homeowners with building teams, and Dominican Republic to work on public health programs and teach English as a second language in the school system with Guanin El Centro Cultural Toristico. Also the Civic Engagement Office is partnering with a political science faculty member to sustain the Costa Rica service-learning experience with Raising Awareness Worldwide. In extraordinary ways, Wilkes students are leading, mentoring, learning, and changing the world through service.
