

Past generations of Wilkes engineering students toiled over their work under the watchful eye of their professor. See anyone you recognize in this photo?

Share names or reminisce at The Colonel Connection message boards, found at community.wilkes.edu. Or send responses to *Wilkes magazine*, 84 W. South St., Wilkes-Barre, Pa. 18766. You can also e-mail wilkesmagazine@wilkes.edu.

PHOTO FROM WILKES ARCHIVES

Today's Wilkes engineers study cutting-edge technology like robotics— but the mentoring relationship with professors is still central to the learning experience.
