REQUEST FOR TRANSFER CREDIT

Wilkes University Graduate Transfer Credit Policy

Acceptance into a graduate program is necessary before credits can be considered for transfer. A maximum of 6 credits obtained at another institution may be accepted toward the degree, provided the credits:

- Have been earned at an accredited institution in the United States,
- Meet academically rigorous standards,
- Have been completed within 6 years prior to the date of admission to a graduate program at Wilkes University with a earned grade of B (3.0) or better pass/fail grades are not transferrable unless the pass can be substantiated in writing by the former institution as a grade.

Transfer credits are limited to 6 credits per student not per degree at Wilkes University. In order for courses to count as electives, they must meet the academic intent of the student’s masters program or be aligned to their respective professional assignment. Wilkes University will not accept transfer credits titled as “workshops.” Each transfer request is evaluated on a case-by-case basis.

Permission Request – For degree seeking candidates in a Wilkes University graduate program who would like to transfer credit(s) already completed at another accredited institution.

Pre-Approval Request – For degree seeking candidates in a Wilkes University graduate program who wish to complete a course at another accredited institution for transfer credits.
