Report of the Library Committee
2007-2008 Academic Year

This year the work of the Library Committee was confined almost entirely to the search for the Dean of the Library, which has culminated successfully with the hiring of John Stachacz. Mr. Stachacz will begin the first week of July.

While the search was ongoing, the committee recommended to the Provost that interim leadership be provided for the library until the new dean was on board, which resulted in the reappointment of Heidi Selecky and Brian Sacolic as codirectors for the interim.

The Library Committee would like to thank Dean Darin Fields who served as chair of the search committee and the other members of the search committee for their service in a long, difficult search.

Respectfully submitted by

Fred Sullivan
Chair
