

FAQ – iOS – HOW DO I CONNECT TO WILKES WIRELESS?

Purpose

- This guide details the steps for connecting to the Wilkes University wireless networks using an iPhone or iPad

Requirements

- Active Wilkes Account
- Device running iOS (iPhone or iPad)

Notes

- If your device is currently connected to a different Wilkes wireless network, you may first need to forget the connection
- When you change your Wilkes account password, you will need to update your device with your new password to avoid locking out your account

Process

1. From the **Home Screen**, select the **Settings** icon

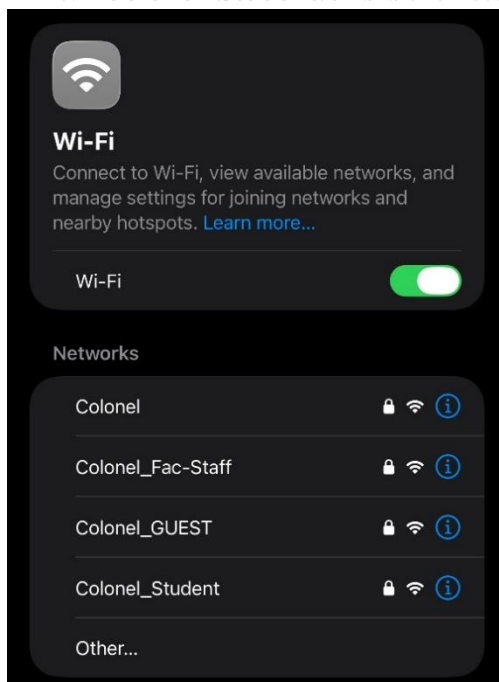

FAQ – iOS – HOW DO I CONNECT TO WILKES WIRELESS?

2. Tap the **Wi-Fi** tab in the settings menu

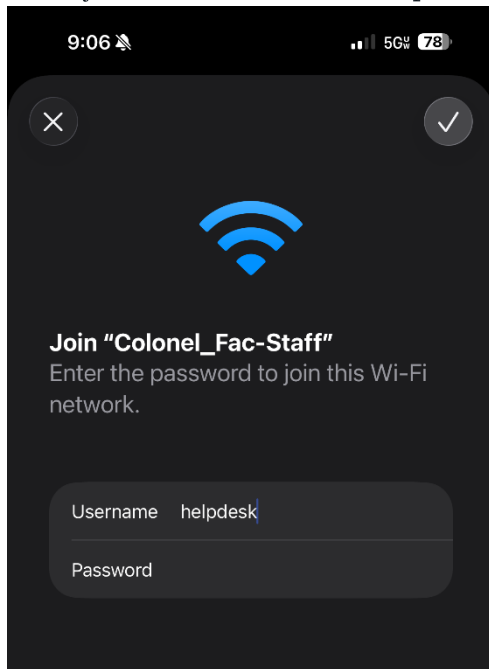

3. Select the appropriate network
 - a. **Colonel_Fac-Staff**: this is the network for faculty and staff
 - b. **Colonel_Student**: this is the network for students

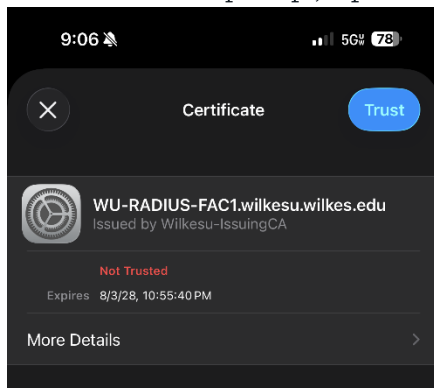

FAQ – iOS – HOW DO I CONNECT TO WILKES WIRELESS?

4. Enter your Wilkes username and password, then tap the blue checkmark

5. At the Certificate prompt, tap Trust

6. You should now be connected to the wireless network
