| FAQ – How do I connect to Colonel? | | | | |

Purpose

This guide outlines the steps necessary to connect to the Colonel wireless network using a PC.

Requirements

- A valid Wilkes username/password.

Notes

- You may receive an error when accessing the web page that validates your username/password. See step 3 below.

Process

1. Open the list of available wireless networks.

2. Choose **Colonel** from the list. Click **Connect**.

5. Choose **Continue** when prompted.

Welcome Message
 Click **Continue** to connect to the network.
 You're very close to gaining network access.

Continue

6. You will receive a confirmation message.

Success

You now have Internet access through this network.
