IM-255. INTEGRATIVE MEDIA PRACTICUM

Credits: 1-2

The Department Practicum may be taken for one to two credits per semester. Students may earn credit for major roles and positions of major responsibility in the co-curricular activities in the Creative Production Studio, Studio 020. Credit for participation in these activities is optional, and voluntary participation (without credit) is also encouraged. The department, through the advisor or instructor of the activity, has the authority to approve or reject any contract for credit under this designation. Credits earned are applicable toward graduation, but do not count toward the requirements of the IM core. Written approval for credit must be by advisor or department chairperson.

IM-301. INTEGRATIVE MEDIA PRINCIPLES OF MOTION AND LAYERING

Credits: 3

This course will address the foundational concepts of assembling digital imagery, relational to short format projects, focusing on historical and contemporary principles of montage, timing, and pacing. In addition, the technical and aesthetic principles of compositing will be covered producing multi-layered projects for a variety of media.

IM-303. ADVANCED PRINCIPLES OF INTERACTIVITY

Credits: 3

In this course students will gain an advanced understanding of how to design and develop online material. Students will become familiar with HTML and CSS web-based languages as well as on-line interface and digital media design requirements. Students will design and code responsive web pages using the CSS syntax. Industry standard computer graphics programs and Internet based programs to create original and unique on-line material will be used by students. Functionality and aesthetics will be stressed as students gain exposure to the digital media design process.
