Students may commute from the home of their parent or legal guardian when that home is within 50 miles of Wilkes University. Students in their third year or higher based on their admit term, international students, and transfer students may reside off campus.

Period of Contract

By signing this contract, you agree to live on campus and participate in a dining plan for the full academic year (August 2025- May 2026). Contracts started for the spring 2026 semester will be in effect through the end of that academic year. Students agree to this contract for the entire academic year, unless they formally withdraw from the University, registration is terminated, or the contract is canceled by the University.

All halls will close at 9:00 a.m. on the morning following the last day of classes for Thanksgiving and Spring Break. At the end of each term, students are expected to leave their assigned residential space 24 hours after their last final, or by hall closing, whichever comes first.

Housing for students during University break periods will be at the discretion of the University and are typically granted only for academic program requirements or University sponsored athletics. Students currently under disciplinary sanctions may be ineligible to reside on campus during break periods. There is a \$30/day charge for housing during the winter break period.

Regulations

The resident is expected to abide by all Wilkes University rules and regulations published in the Student Handbook, the University Bulletin, as well as emails, letters, and postings from University officials. Residents should understand that the University may take appropriate action, including termination of this contract, for conduct found by the University to be in violation of such rules and regulations, or which is detrimental to the health, safety, or welfare of other students, faculty, or staff. Students who have had their right to live in the residence halls revoked due to disciplinary sanction will be expected to vacate their residential space within 48 hours of receiving notice of sanction and are not entitled to a refund of any housing and dining charges regardless of the timing of that decision.

Cancellations

Prior to occupancy, residents who applied for housing who are eligible to commute from the home of their parent or legal guardian or are eligible to live off campus may cancel their contract by contacting the Residence Life office. Those eligible residents who cancel their housing contract after July 15 but before moving in for the first time, or December 15 for Spring 2026 new applicants, and remain enrolled at the University, will be charged a \$300 administrative fee. Withdrawal or graduation from the University will automatically result in cancellation of this contract.

Our housing contract is a binding financial agreement for the full academic year. Cancellations after a student has taken occupancy of their assignment while remaining enrolled must be approved by the Office of Residence Life by participating in the Early Release from Housing request process. This request form can be found at www.wilkes.edu/housingexemption. Submitting a request is not a guarantee of approval. Residents should not make other binding housing plans without first receiving approval.

Refund Policy

Failure of the student to occupy the reserved residence hall by the first day of classes of either semester without prior written notification to the University will result in forfeiture of the room. All refunds of housing and dining charges are governed by the Refund Policy as defined in the current Undergraduate Student Handbook.

Reflecting the Wilkes University Refund policy, students will be entitled to a full refund if they withdraw or are approved to cancel their housing contracts during the first week of classes, less any dining or flex dollars used. Students will receive a 75% refund in their second week of classes, 50% in their third week, and 25% refund of room and board charges in their fourth week. Students are responsible for the full room and board charges at the start of the fifth week of classes and beyond. The Director of Residence Life or designee can make exceptions for students called into active military service or who withdraw for reasons beyond their control.

Acknowledgment

All rates herein are subject to final approval by the Board of Trustees. This agreement is to be construed as a license and is not intended to and does not create a landlord/tenant relationship between the University and the student.
