

5 Tips

To Presenting at Student Government

1

Have a PowerPoint prepared.

Make sure to include what the fund request is for, how the project benefits your club, and more!

2

Present a budget breakdown.

Use Excel or Google Slides to present a breakdown of all costs for the project. Ensure the font is large enough for the whole General Board to see, even from the back of the room.

3

Be prepared for questions.

Have you reached out to other sources for funding?
If you did not receive funding from SG, would you still be able to go?

4

Review during Week 2 of 2.

During Week 2 of 2, give a simple recap for members who may not have been present at the last meeting!

5

Additional Questions to Answer

What fundraising have you done so far?
What community service has your club done so far?
What potential publicity is there for Wilkes?
